Date : 13 JUN 2017

Research & Development Cell

Guidelines for financial assistance to students for projects/publications/patents

1. Seed money for project work:

a. Mini Project:

Seed money for mini project per program : Rs. 1500/-

1. Each Department will recommend one mini project for funding on the basis of innovation, field application, value addition, work content etc.
2. A copy of project report containing problem definition, methodology and outcome should be submitted to R & D Cell.
3. One publication from this work in reputed conference/ journal is expected.
4. Fund utilization certificate should be submitted along with the report.

b. Final Year Major Project

One major (non- sponsored) project per program : Rs. 3000/-

1. Each Department will recommend one major project for funding on the basis of research, Innovation, field application, value addition, work content etc.
2. A copy of project report containing problem definition, methodology and outcome should be submitted to R & D Cell
3. One publication from this work in reputed conference/ journal is highly expected.
4. Fund utilization certificate should be submitted along with the report.

c. Group Project representing Institute in Competitions held at University, State or National Level : Rs. 25000/- to 1,00,000/- (25% of the total budget)

1. The Event coordinator (Faculty) will recommend the project for funding on the basis of requirements and guidelines of organizers.
2. The coordinator will prepare detailed budget inclusive of cost of material, manufacturing, assembly, testing, transportation etc.
3. The students will be provided technical expertise and infrastructural facilities.
4. A work should be completed without hampering the academics.
5. A copy of project report containing problem definition, methodology and outcome should be submitted to R & D Cell.
6. Fund utilization certificate should be submitted along with the report.

2. Funding for students publication:

1. Registration charges will be given for the publications in reputed Conferences/Journals
2. The student should be main author of the paper.
3. For the best paper award, one way travelling expenses will be given.

3. Funding for Patents :

1. Funds required for filing the patent will be given.
2. Technical and legal support needed for patent will be provided.
3. After award of patent Rs. 5000 will be given as a reward.
